MOBILIZATION GUIDE

CHAPTER 40 - COOPERATION

Contents

This chapter contains a brief summary of the listed agreements, MOUs or operating plans. Complete copies of documents relative to the Durango Dispatch Area are available from Durango Dispatch Center.

INTERAGENCY AGREEMENTS AND MEMORANDUMS OF UNDERSTANDING FOR THE ROCKY MOUNTAIN AREA.

Miscellaneous information and definitions:

- Most agreements and Memorandums of Understanding (MOU) terminate after 5 years unless otherwise specified within the document. In most cases, a 1 year extension may be granted.
- The agreement start date is the last dated signature.
- *Agreements:* An Agreement is required if there will be an exchange of funds.
 - Fire protection areas need separate agreements (i.e., IA agreements by State)
 - Dispatch Centers do not need to do Local agreements because they are covered under the Master State agreements. All that is needed are Annual Operating Plans.
- *Memorandums of Understanding (MOU):* An MOU is the same as a verbal agreement (parties agree to agree; an understanding). Funds cannot be exchanged with an MOU (must be an agreement).

This chapter contains a brief description of the Agreements and Memorandums of Understanding within and adjacent to Rocky Mountain Area Boundaries that apply to the Durango Dispatch Center area of influence. Complete copies of all agreements are on file at the Rocky Mountain Area Interagency Coordination Center unless otherwise noted. These agreements affect National, Area and Local mobilization efforts. National Agreements can be found in Chapter 40 of the National Mobilization Guide. DRC agreements and Operating plans have been included within this mobilization Guide, for reference.

Complete copies of all documents listed in chapter 40 are available through the Durango Interagency Dispatch Center. Please see below for a summary of each.

**Colorado Interagency Cooperative Fire Management Agreement, between
USDI, Bureau of Land Management, Colorado; USDA, Forest Service, Region 2;
USDI, National Park Service, Intermountain Region; USDI, Fish and Wildlife
Service, Mountain and Prairie Region; USDI, Bureau of Indian Affairs,
Southwest Region, Colorado State Forest Service and Bureau of Reclamation.
(expires 2011)**
This Parent Agreement establishes statewide authority for interagency fire protection assistance and cooperation between the above mentioned agencies, for mutual

1 cooperation in fire training, prescribed fire, prevention, pre suppression and suppression
2 activities.

3
4 **Memorandum of Understanding for the Fire Program Analysis System.**

5 This MOU sets procedures for interagency partners to work together as a
6 cohesive unit to fulfill common missions.
7

8 **BORDER AGREEMENTS/MEMORANDUMS OF UNDERSTANDING**

9 Currently, the Rocky Mountain Area has border MOU's in place which allow for resource
10 sharing/ordering between local dispatch offices across GACC boundaries. These MOU's cover
11 all the borders of the Durango Dispatch Center Area and those respective dispatch centers in
12 the Southwest and Eastern Great Basin Areas. This agreement provides for interagency fire
13 protection assistance and cooperation between bordering dispatch centers, for mutual
14 cooperation in fire training, prescribed fire, prevention, pre suppression and suppression
15 activities. The direct ordering between adjacent dispatch centers is authorized for the
16 mobilization of all their resources for initial attack and extended. In an effort to streamline the
17 process beginning in 2010, these documents are being replaced by the language that follows:
18

19 "Local Centers adjacent to one another may engage in resource ordering across
20 GACC boundaries. The sending GACC must grant approval to the local center
21 before any National type resources are sent across GACC boundaries. Depending
22 on National PL levels and/or NMAC priorities, the NICC may also require
23 approval. Resources sent across GACC boundaries cannot be reassigned
24 without prior approval from sending GACC/local unit."
25

26 **INTERAGENCY AGREEMENTS, MEMORANDUMS OF UNDERSTANDING AND OPERATING**
27 **PLANS FOR THE DURANGO DISPATCH CENTER AREA.**
28

29 Operating plans are documents which supplement agreements with specific, detailed, current
30 information, normally required on an annual basis.
31

38 Centers. This plan is prepared under the authority of the Colorado Interagency
39 Cooperative Fire Management Agreement, section 10, Interagency Dispatch Centers.
40

41 **2011 Durango Annual Operating Plan for the Durango Interagency Dispatch Center (DRC)**
42 **and Interagency Helicopter Program.**

43 In accordance with the Colorado Interagency Cooperative Fire Management Agreement
44 the purpose of this AOP is to coordinate wildland fire management activities between
45 agencies within the area of influence of the Durango Interagency Dispatch Center
46 through a single dispatch / coordination center. The AOP provides additional funding for
47 Durango Dispatch Center and the MVP interagency helicopter program.

48 The MVP helicopter is an interagency funded helicopter that will be utilized as a DRC
49 resource and will not be release out of the DRC area unless agreed upon by local
50 managers.
